HOW YOU CAN SQUEEZE THE BEST JUICE?

Experts are convinced; to improve fresh orange juice, you must improve the squeezing process.

Stylish and compact, it fits easily into any space and style of establishment.

Thanks to its integrated jug and anti-drip tap, you can serve a glass of fresh juice in less than 5 seconds.

Choose the colour you prefer and start serving the best juice; pure and freshly squeezed.

Ideal for cafes, bars, pubs, small hotels and meetings rooms.

Maximum performance in minimum space.

A UNIQUE SQUEEZING SYSTEM

The Minex squeezing system is the most compact, most efficient and cleanest on the market.

Its cutting and squeezing is perfect and incorporates ASP technology which prevents the potential growth of bacteria by 99%!

All parts are easily removable and can be washed in the dishwasher.

THOSE BIG LITTLE DETAILS...

Everything under control

With just a touch of a button, you can control the activity of the machine or the number of oranges to be squeezed.

You choose

You can serve the juice using the jug or directly into the glass using the tap.

SMART SAFETY

Its triple safety system protects the user from accidental opening of the machine in the unlikely event of a machine fault.

PERFORMANCE

Recommended consumption: Moderate (1-20 juices/day). For higher consumption see other Zumex models.
